

Sliding Wall Wagon Hbillns 303 / Hbillss-y 307

RW Names:

vR Hbillns 303, vR Hbillns 303 Cargo, vR Hbillss-y 307

Two-axle sliding wall wagon used for the transport of moisture sensitive goods.

The package contains the Hbillns 303 in brown livery and DB Cargo colors.

Included too is a special version of the Hbillns 303, the Hbillss-y 307.
This is a freight wagon with a special bogie for the transport of shock sensitive goods.

All included wagons have the vR Feature RandomSkin installed.
Every color variant has four different textures installed.

All wagons have automatic end plates installed and use the dynamic number system.
